Breakfast In the Classroom

Providing HISD students with the nutrients they need to promote a healthy lifestyle and to inspire learning can be a challenge, but with First Class Breakfast it's easier than you might think. First Class Breakfast, a new and innovative breakfast program developed specifically for HISD, actually delivers breakfast directly to the classroom and offers each student a chance to have a hot nutritious school breakfast right at their desks. M. C. Williams will participate in Breakfast in the Classroom beginning October 10, 2006.

M. C. Williams is Forming a Student Council

In an effort to promote student involvement and active student participation in all events, M.C. Williams is starting a student council. Eighth grade students have been invited to run for the offices of President, Vice President, Parliamentarian and Treasurer. The students will make suggestions for improvement and convey to the administration their concerns and ideas for improvement. We are excited about this new venture and we encourage all interested students to join. Eighth grade teachers will act as sponsors for the student council and will instruct students in proper parliamentary procedures.
